

By Camille C.

This foodscape is entitled "fruits practice". The nose, the feet and ears are made with red pepper and the body with apples. The feathers are made with melon, cherries and peaches. Enjoy your meal!

By Céline J.

For this foodscape, I mixed fruits and vegetables. For the wings and the egrets I used orange and for the body tomatoes. The branch is made with a banana. The eyes are made zucchini slices but also watermelon, olive and a grain of juniper berry.

By Jorys.

This foodscape represent two open tulips. The petals are made of tomatoes. The pistils are made of olives. I used chives to make the stems and mint for the leaves. The cucumber slices stand for the earth.

By Laura.

This foodscape is entitled " Three best girlfriends". The first girl has red hair which is made of cherries. The girl in the middle has hair made of cream. The last one has black hair which is made of black currant. Their faces are made of gingerbread. Eyes are made of chocolates. The lips are made of apple peel.
